

AyurMitraAI

Signup Page

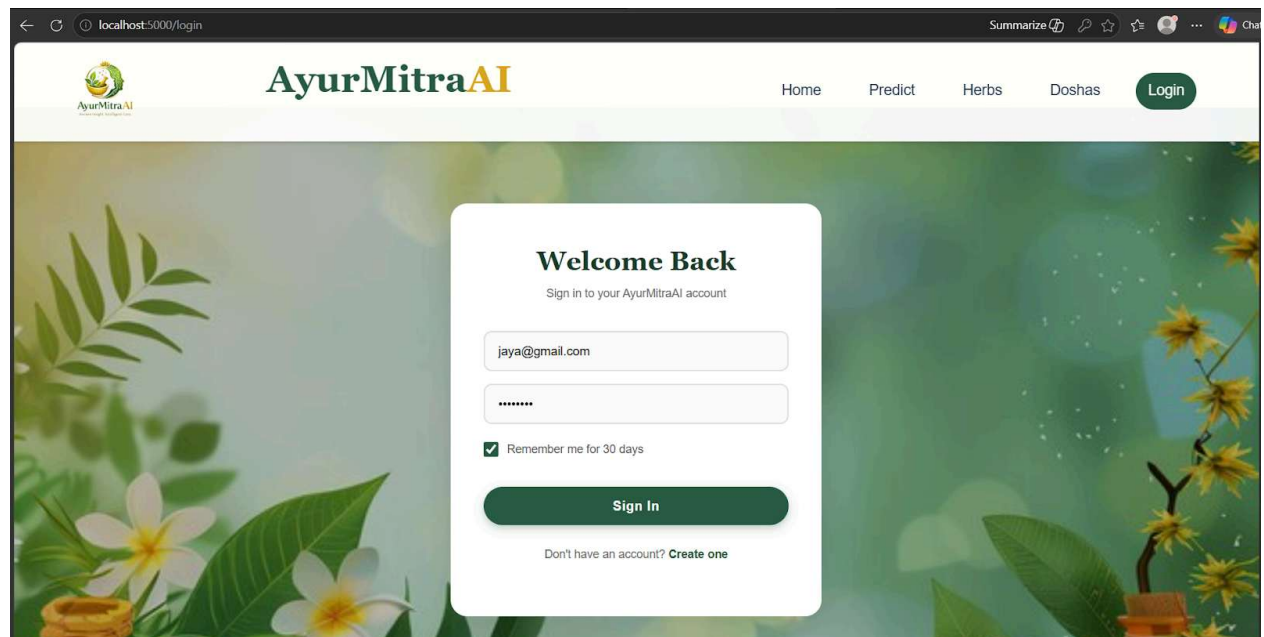

The screenshot shows the AyurMitraAI website's signup page. The browser address bar indicates the URL is localhost:5000/signup. The website's header includes the AyurMitraAI logo, the name 'AyurMitraAI', and navigation links for Home, Predict, Herbs, Doshas, and Login. The main content area features a large, vibrant background image of green leaves and yellow flowers. Centered on this background is a white card with the heading 'Create Account' and the subtext 'Join AyurMitraAI to start your wellness journey'. The card contains two input fields: the first is for an email address, with 'jaya@gmail.com' entered; the second is for a password, represented by a series of dots and a toggle icon. Below these fields is a dark green 'Create Account' button. At the bottom of the card, there is a link that says 'Already have an account? Sign In'.

Login Page

The screenshot shows the AyurMitraAI website's login page. The browser address bar indicates the URL is localhost:5000/login. The website's header is identical to the signup page, but the 'Login' link in the navigation bar is highlighted with a dark green background. The main content area features the same vibrant background image of green leaves and yellow flowers. Centered on this background is a white card with the heading 'Welcome Back' and the subtext 'Sign in to your AyurMitraAI account'. The card contains two input fields: the first is for an email address, with 'jaya@gmail.com' entered; the second is for a password, represented by a series of dots. Below these fields is a checkbox labeled 'Remember me for 30 days', which is checked. Below the checkbox is a dark green 'Sign In' button. At the bottom of the card, there is a link that says 'Don't have an account? Create one'.

**Why This Prediction Was Made**

AI Model Analysis Process:

- Top match: Other Diseases (96.0% confidence)
- Analysis source: model
- Confidence threshold: 80.0%

How Symptoms Were Analyzed

Your symptoms were analyzed and matched most closely with Other Diseases.

How Lifestyle Factors Were Considered

Your profile (age: 58.0, sleep: 6.0h, stress: 3.0/10) was considered.

Top AI Feature Insights

Feature importance is being computed; this helps explain why the model made this recommendation.

Confidence Threshold Explanation

This prediction reached **96.0% confidence**, which satisfies the safety threshold of 80%. The model identified Other Diseases with high certainty based on the symptom patterns you entered.
